

COVID-19 UPDATE #18 – REGISTER YOUR TRAVEL WITHIN NSW

In NSW, prescribed workers in the WARR industry have been declared exempt as [authorised workers](#) to undertake [critical WARR services](#) and soon, new [restrictions](#) around workplaces and authorised workers from NSW local government areas (LGAs) of concern will be in place.

From Saturday, 28 August 2021, you will need to be registered to travel if you are:

- An [authorised worker](#) living in an LGA of concern and you need to leave your area for work. This includes travelling to another LGA of concern (also known as a 'workers permit').
- Entering an [LGA of concern](#) for work (also known as a 'workers permit').
- From a non-area of concern and you need to travel more than 50km outside of Greater Sydney for work, and you cannot work from home.
- Moving between residences, including travelling to your second home if you:
 - are using the home for work (if so, only the worker may travel), or
 - need to undertake urgent maintenance, repairs, or attend to animal welfare (if so, only one person may travel to the second home).

To check your travel locations and see if you need to register, enter the address you are travelling to and from in the [travel registration address check](#). Travel registration is valid for a maximum of 14 days.

For further information, including eligibility requirements, how to register and what you will need, as well to register online, click [here](#).
